

General Assembly, Saturday, Dec 3rd

Facilitating: Kari and Ani
Stack/support: Rochelle

Location: Shemanski Park where the ReOccupation was happening.

Proposal Announcements:

- * Art event proposal from TUPAC for Martin Luther King Bday
- * No tolerance on drug and alcohol use in reoccupation

Proposal:

- * OP support creation of a houseless town

Discussion summary: There is no implementation plan, including location and costs.

Evolution: create a working group to explore the details and possibilities of establishing a houseless town

PASSED

- * to amend language of a previous proposal that said "Corporations are not people" to include that also money is not people.

Facilitation and proposers decided together that this was a small edit that did not change the spirit of the proposal that they should not need to get reaffirmation from the whole GA on this change. And, in fact, the GA traditionally supports CONCEPTS and IDEAS of statements of support rather than debating particular wording or language choices at the GA itself.

TAKEN OFF THE TABLE

Breakout small groups: discuss plans for the evening and possible police interaction

Open Forum: discuss feelings about reoccupation and immediate needs for the night

8:30 - Riot cops show up, GA ends.
